TRAIN THE TRAINER

We heard your concerns...

You have studied the Principles of Caregiving curriculum, have passed the written and skills demonstration tests. You have/are applying as an AHCCCS Approved Testing Program. Now what?

Join this Train the Trainer Workshop

to discover how to set up a classroom, how to deliver material to a diverse class. We will present topics such as classroom management, creative delivery and student learning styles; all imperative to becoming an effective trainer.

We will help you in your desire to become a better trainer; give you tools that you may not have yet as an

Let us help you with classroom management, creative delivery, diversity and education tips and hints.

teaching techniques, lesson planning and classroom set-up.

Interested in hosting a testing session?

DCW committee members and evaluators have traveled the state, organizing and implementing Trainer Testing Sessions. The hope is that Approved Testing Programs will now take over providing this service in the local areas.

We will have seasoned testers, organizers and evaluators together to explain the process of a testing session. We will give you the forms, tips and our knowledge to enable you to set up your own local testing session.

Sign up for the Testing Workshop Breakout and spend the afternoon learning everything we know about organizing and developing a Trainer Testing Session in your area. We will help you become the "Hostess with the Mostest"
