

November 29  
8:30am-5 pm

PIMA COMMUNITY COLLEGE TUCSON 5901 SOUTH CALLE SANTA CRUZ

# TRAINER DEVELOPMENT

## We heard your concerns...

You have studied the Principles of Caregiving curriculum, have passed the written and skills demonstration tests.

You have/are applying as an AHCCCS Approved Testing Program.

Now what?

Join this Trainer Development Seminar to discover how to set up a classroom and deliver material to diverse participants.

We will present topics such as classroom management, creative delivery and student learning styles, classroom diversity; all imperative to becoming an effective trainer.

We will help you in your desire to become a better trainer and give you tools that you may not yet have as an adult educator.

*Let us help you with classroom management, creative delivery, diversity and education tips and hints.*

Walk away with tips/hints on teaching techniques, lesson planning and classroom set-up.

We'll even feed you lunch!

## Interested in hosting a testing session?

DCW committee members and evaluators have traveled the state, organizing and implementing Trainer Testing Sessions. The hope is that Approved Testing Programs will now take over providing this service in the local areas.

We will have seasoned testers, organizers and evaluators together to explain the process of a testing session. We will give you the forms, tips and our knowledge to enable you to set up your own local testing session.

Sign up for the Testing Workshop Breakout and spend the afternoon learning everything we know about organizing and developing a Trainer Testing Session in your area. We will help you become the "Hostess with the Mostest".

### Special points of interest:

- Register now, class space is limited
  - Deadline is Friday; November 21 2012
  - Fee of \$75 per person must accompany registration
  - Current and future trainers welcome
